

all very rich men began by putting money in the Bank. They were all careful men.

ANDREW CARNEGIE SAID, "THE MAN WHO DOES NOT AND CANNOT SAVE MONEY CANNOT AND WILL NOT DO ANYTHING ELSE WORTH WHILE. THE BEST WAY TO ACCUMULATE MONEY IS TO RESOLUTELY SAVE AND BANK A FIXED PORTION OF YOUR INCOME, NO MATTER HOW SMALL THE AMOUNT." The careful man knows the truth of this.

AS A POOR SCOTCH BOY ANDREW CARNEGIE CAME TO AMERICA. WOULD HE HAVE BECOME ONE OF THE WORLD'S RICHEST MEN IF HE HAD SPENT HIS "FIRST" EARNINGS? NO. HE BANKED AND SAVED HIS MONEY AND BECAME RICH AND POWERFUL. THEN HE COULD AFFORD TO BE GENEROUS. BANK YOUR MONEY.

**WORKING CAPITAL IS NOW POSSIBLE TO WAGE-EARNER**

Asset for Foundation of Any Fortune Now in Reach of Nearly All

Health is wealth. Health is the greatest wealth in the world—the soundest capital, the biggest asset. Without health, the bloated bondholder is a pauper. With health the plodding laborer is rich. All the money in the world cannot buy this asset of health that is absolutely necessary to success of any kind. The man without health is beaten before he begins his fight. He does not even qualify for a trial. He is barred from ever trying.

This is just as true of women as of men. Both men and women have their work to do. A woman's job may be housekeeping—home making, and that is the most important job in the world. It is even more important than the man's job of home-getting.

Men and women with health can do their work if they wish. And if they have health they will wish to do their work, to perform their duty.

If they do not feel like working, it is because they lack health. If they lack health, they had better take Taulac. Taulac is a health-maker, a strength-builder, a reconstructive tonic which creates health and strength through the stomach, blood and nerves, revitalizes the nervous system, restores energy and ambition, and gives that comfort and contentment, cheerfulness and hopefulness, readiness and eagerness to work, that come from health and strength. Taulac is purely vegetable, a food and tonic that feeds while it heals sick, sore, starved stomachs. Taulac may be obtained in Alliance at the Thiele drug store.

**"WILSON SHOULD BE SUSTAINED"—JUDGE WRAY**

Judge Arthur G. Wray of York, founder of the progressive party in Nebraska, in introducing Judge Albert D. Norton of St. Louis recently, gave particularly impressive review of the progressive accomplishments of the Wilson administration.

"Wilson has put into effect twenty-two out of the original thirty-three articles of faith proposed by the progressives in their convention at Chicago," said Judge Wray. "If ever there was a time in the history of the republic when a president should be sustained, that time is now."

**CRANK TRIED TO KILL PRESIDENT WILSON**

Leaped on Running Board of Car Carrying Knife and Revolver Was Thrown from Car

While President Wilson was riding about the city of Pittsburgh Friday a man carrying a black satchel made a determined effort to jump on the running board of the president's car. He was finally overpowered and hustled to the police station.

At the station the man gave his name as Richard Cullen. He is a Pittsburger, twenty years old. When questioned he said he was dissatisfied with the president's handling of European affairs. In the satchel, police say, was found a long-bladed knife and several chisels. The clasp on the satchel was unfastened.

Following an examination the police expressed the opinion that the man was insane and held him for investigation. His conversation, at first in a quiet tone, became bitter and hostile.

Cullen leaped on the running board of the president's machine where the crowd was very dense, and immediately tried to open the door. He was grabbed by the secret service men and pushed into the street. Jumping up again, he caught up with the machine and tried to get inside. Forced back by those on the car and pulled by persons in the crowd he fell down and was caught before he could again get to his feet. During the shuffle a loaded revolver fell into the street.

The president and Mrs. Wilson, Democratic State Chairman Guffey and two secret service men were in the car while the president's body guards twice threw Cullen from the running board.

**WILL CANADIAN LANDOWNERS HAVE TO BECOME CITIZENS?**

Alliance people who chance to own land in Canada have found reason for worry in the discussion in the Dominion and England to the effect that after the war every land owner must be a resident and citizen of the Dominion. It is the idea of statesmen in Canada that there should be no dependents on Dominion farmers. They wish all the land to be worked and every man a producer for himself, family and country. Whether or not the government will reimburse for igners who own land in Canada is not known. It is understood that one of the causes of the proposed move on the part of the Canadian government was the exodus of the German farmers from the Dominion at the beginning of the European war. The Germans, it is pointed out, are now using the wealth accumulated in Canada to help their fatherland, to which they have returned, in the fight against the country of their adoption. Canadian statesmen intend that this situation shall not be repeated and so it may be made a law that land owners of the future must be full-fledged citizens.
